

Security controls declaration

Northstar Infrastructure Services Limited

Document period

Reference NSI-SEC-2026-02. Issued 1 September 2026. Review due 1 September 2027. Replaces NSI-SEC-2025-01.

Service and responsibility

We provide managed infrastructure and recovery support for the sample bank. Amina Bello, Security Manager, maintains this declaration. Contact security@northstar.demo.invalid.

Access and monitoring

Privileged access requires named accounts and multi-factor authentication. Operations reviews administrative access every quarter. The latest sample review on 26 August 2026 covered 18 accounts; two inactive accounts were removed.

Recovery evidence

The 20 August 2026 recovery exercise restored the sample reporting service in 96 minutes against a 120-minute target. The recovery plan describes the scope and follow-up actions.

Open item for the bank reviewer

A restore test for the archive service remains outstanding. The service owner plans to provide the test record by 30 September 2026. This declaration does not replace independent assurance or prove that controls operate continuously.

No signature or independent certification is represented by this sample.
